

Summer Tennis Mixer Policies Regarding Rain

If outdoor courts are unplayable due to rain, our summer **mixers will be moved indoors**. Any indoor court not being used by pros for lessons or clinics may be used for a mixer, in the case of rain. **Priority will be given to the mixer and individual reservations made for courts will be canceled.**

Our evening mixers frequently are filled with 32 players. If moved indoors, the number of players is limited to the number of courts available (usually 20-24 players). **Those spots will be filled according to the order in which players originally signed up.** If rain dictates a mixer being moved indoors and you are signed up, please call the club to find out what number you are and whether you have a spot indoors or not.

Morning mixers usually have fewer players signing up, however, the same policies pertain to those mixers as well.

The mixer schedule is:

Monday 8:30-10AM, 6-8PM

Wednesday 8:30-10AM, 6-8PM

Friday (singles) 6-8PM

Saturday 8-10AM

Sunday 6-8PM
