

Reminder for Spring Sign-ups (session 2)

As a reminder, our 10 week session 2 is beginning this Monday, 1/4. That includes all leagues, clinics and some season courts.

Clinics- Lou has been calling most students for re-enrollment confirmation. If you or your child attended session 1 and want to continue in session 2, please call the club to sign up, if you haven't already done so.

Monday Men's Progressive Doubles League-If you plan to continue or drop from the league for the next 10 week session, please either call the club and leave a message for Lynn or email her at www.crosscourttennisclub@gmail.com. Thank you to those that already have. If you were playing in a "temporary" spot and want to have a guaranteed spot, please let Lynn know and she will ensure there are enough openings for everyone to play.

Saturday Men's Singles League-Please let Lynn know via phone or email if you plan to continue or drop. There has been interest in additional shares, so there is a possibility of adding a sixth court to the league. Anyone currently not in the league but interested in joining should let Lynn know.

Season Courts- Please notify Lynn or Ron of any season court changes. Most are planned to continue to May, but many were only billed for the first 10-12 weeks (this varies depending on when the court started). Changes in player shares should be communicated soon, as we will review each season court and bill players for session 2. Courts that were pre-billed for either 30 or 32 weeks are all set , unless you also have player changes. Week-to-week courts are also all set to continue as is.

It is wonderful to see so many players enjoying Cross Court! Let's continue to stay safe, healthy and having fun!

Happy New Year from Cross Court
